ILLINOIS, United States, Thursday November 15, 2018 – Hyatt Hotels has announced that it's bringing its Andaz brand to the Caribbean with the Andaz Turks & Caicos at Grace Bay, a hotel and residences development expected to open in 2021.

To be developed by Vista Development Ltd., the region's first Andaz property will stretch more than 5.5 acres on the western end of the archipelago's famed Grace Bay Beach, ranked the number one beach in the world by TripAdvisor's Traveler Choice Awards 2018.

"We are thrilled to announce development plans for the first Andaz branded resort and residences in the Caribbean," said Myles McGourty, senior vice president, Latin America & Caribbean, Hyatt. "We look forward to working with Vista Development Ltd. to introduce the inspiring concept of this luxury lifestyle Hyatt brand to a world-class destination like Turks & Caicos' coveted Grace Bay."
